Water Conserving Pre-Rinse Spray Valve

ARCHITECT/ENGINEER SPECIFICATION

Chicago Faucets No. 80-LCP, Polished chrome plated solid brass construction. Self-closing, water conserving pre-rinse spray valve. 1.42 GPM @ 60 PSI flow rate. Rubber bound spray head. Granite grey spray face, bumper, lever and hold down ring. 3/4-14 UNS Male inlet thread is designed to fit most hoses and is compatible with Fisher and T&S hoses. Anti-chatter valve and self-closing cartridge. This product is tested and certified to industry standards: ASME A112.18.1, NSF 61, Sec. 9 and CSA B125.

OPERATION AND MAINTENANCE

Installation should be in accordance with local plumbing codes. Flush all pipes thoroughly before installation. After installation, remove spout outlet or flow control and flush faucet thoroughly to clear any debris. Care should be taken when cleaning this product. Do not use abrasive cleaners, chemicals or solvents as they can result in surface damage. Use mild soap and warm water for cleaning and protecting the life of Chicago Faucet products. For specific operation and maintenance refer to the installation instructions and repair parts documents that are located at www.chicagofaucets.com.

Chicago Faucets, member of the Geberit Group, is the leading brand of commercial faucets and fittings in the United States, offering a complete range of products for schools, laboratories, hospitals, office buildings, food service, airports and sport facilities. Call 1.800.TECTRUE or 1.847.803.5000 Option 1 for installation or other technical assistance.
