## 116.101.AB.1

### HyTronic™ Traditional Deck Mounted Single Hole Faucet - AC

#### ARCHITECT/ENGINEER SPECIFICATION

Chicago Faucets No. 116.101.AB.1, Polished chrome plated. Cast brass spout with .5 GPM vandal resistant spray outlet. Multiple field adjustable modes and ranges. Single supply for tempered water. Above deck hermetically sealed electronics module and solenoid with filter screen. Inlet supply check valve. Free spinning flexible stainless steel supply hose with filter screen. Mounting hardware included. 12 volt AC transformer required (order separately). This product meets ADA ANSI/ICC A117.1 requirements and is tested and certified to industry standards: ASME A112.18.1, CSA B125 and CA AB1953 (2006) and VT S.152.

#### OPERATION AND MAINTENANCE

Installation should be in accordance with local plumbing codes. Flush all pipes thoroughly before installation. After installation, remove spout outlet or flow control and flush faucet thoroughly to clear any debris. Care should be taken when cleaning this product. Do not use abrasive cleaners, chemicals or solvents as they can result in surface damage. Use mild soap and warm water for cleaning and protecting the life of Chicago Faucet products. For specific operation and maintenance refer to the installation instructions and repair parts documents that are located at [www.chicagofaucets.com](http://www.chicagofaucets.com).

Chicago Faucets, member of the Geberit Group, is the leading brand of commercial faucets and fittings in the United States, offering a complete range of products for schools, laboratories, hospitals, office buildings, food service, airports and sport facilities. Call 1.800.TECTRUE or 1.847.803.5000 Option 1 for installation or other technical assistance.
